An Incident in the Early Life of Daniel Webster. ' Men, at some times, are masters of their fates."

Shakspeare. In Mr. Webster's boyhood there lived in his native town a man by the name of Hammond-a rough, un- terest and satisfaction, and we believe that it will be cultivated, kind hearted, honest fellow-half farmer approved by the country. Of course, the Black Reand half backwoodsman. Hammond's boys were publican presses will be infuriated by it, but their expert in gunning and fishing, and Mr. Web ter, who criticism will fall harmless at its feet. The dispasalways had an especial fondness for such sports, was sionate and patriotic throughout the land will coroften accompanied by them in his excursions, and be- dially respond to the sentiments and appeals embodcame well acquainted in the family.

wild region near the Canada frontier, and for and just enactment. It is an able review of the cirseveral years Mr. Webster lost all trace of them, but cumstances and operating influences which led to the during one of his college vacations; a desire to see measure, and a thorough vindication of it from the their place of abode, and a somewhat fatiguing jour- York Tribune, Evening Post, and Courier, and from secured the services of Robert H. Drysdale, Fellow of the Glasgow Chemical Society and late Assistant Professor of ney brought him to the log cabin of the eccentric o'd the Boston Telegraph and Chronicle—all which jourwanderer, who had fixed his residence as far as pos- nals have made themselves particularly conspicuous sible from the settlements, which were becoming too and particularly ridiculous by the fustian and Bobadensely populated to suit his ideas of comfortable dilism about Kansas. The President gives them a boys, were, of course, delighted to meet Mr. Webster cern with his well charged and well directed artilagain, and the rude hospitalities of the cabin were lery, planted on the ramparts of the Constitution.—
extended with open hands. The family was poor— In his defence of the Kansas bill he has not driven much poorer than he had expected to find it, but not back his assailants, but he has crushed them to the the less cheerful and happy were its members.

Supper was at once provided by the kind hostess, for, said Hammond, "Dan'l's hungry, and we must do departments and branches of service are, on the the best we can for him, wife." Young Webster had a keen appetite and enjoyed the meal, but for of an increased and increasing prosperity. The pub-Professor Drysdale will continue to examine soils, marls, the first time in his life partook of a dish which even lie debt has been reduced to thirty million of dollars, Parker, with all his ingenuity in providing tempting and is steadily undergoing the process of extinction entrees, never would have dreamed of. This was as the opportunities of purchasing its outstanding senothing more than grass fried in lard, which formed curities present themselves to the Government. The a principal portion of the meal.

cleared away, Hammond entered into conversation of money. These are among the most interesting with Mr. Webster, and among other things was anx points embraced under the head of our home affairs.
